

KRISHNA S

REACT DEVELOPER

+91 8939490213 | krishna.pvt20@gmail.com | Chennai, India 600127

Summary

I recently graduated with a Bachelor's degree in Computer Science from Hindustan Arts & Science College. I'm really interested in frontend development and excited to start my career in this field. I've been learning about HTML, CSS, and JavaScript, and I enjoy creating web interfaces. I'm also familiar with react. I've been practicing with React. I like making designs come to life on the web. I'm a quick learner and I'm ready to work hard and be part of a team. I'm looking forward to this opportunity and believe I can be a valuable addition.

Experience

FRONTEND DEVELOPER INTERN | 06/2023 - 08/2023

seval software solutions - Chennai, India

As an intern, my experience as a Full Stack Developer involved actively participating in the development process for both the frontend and back-end of applications. I worked on creating user interfaces, managing databases, and implementing server-side logic. I gained hands-on experience with various technologies and tools, troubleshot issues, and collaborated with the team to contribute to real world projects. This role helped me build practical skills and understand the full lifecycle of software development.
